

SET UP
INSTRUCTION
POLE SYSTEM

expolinc
Opportunities on display

1

Take the system out of the bag and unfold the three feet. Make sure they lock into place.

2

Place the system on a flat surface. Attach the panel top profile to the top hold of the system.

3

Roll down the graphic panel.

4

Loosen the lockers on the telescopic pole by turning the lockers counter-clockwise. Set the pole at the desired height. Lock by turning the lockers clockwise.

5

Attach the panel bottom profile to the bottom spring hold of the system. Stretch the panel by sliding the bottom spring hold down.

6

Verify that the system stands even. **READY!**

ACCESSORIES

Options include a lightweight and convenient low voltage spotlight in an attractive design, plus panel profiles for the double-sided system.

Attach the spotlight on the top profile.
