

SET UP INSTRUCTION

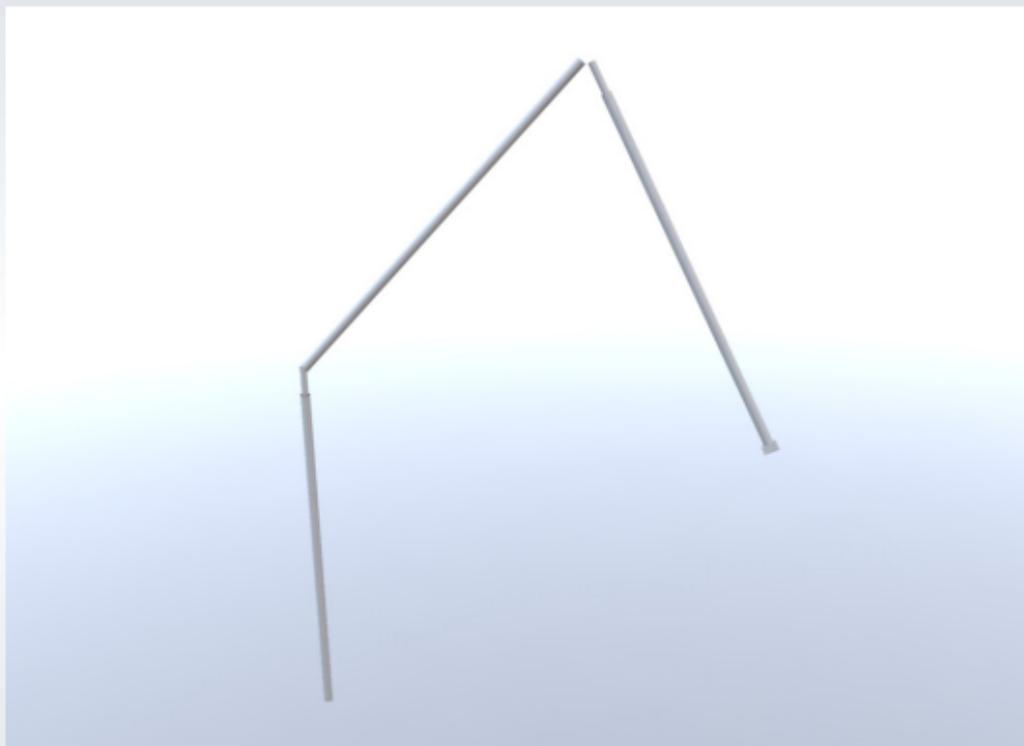

ROLL UP CLASSIC
ROLL UP PROFESSIONAL

1

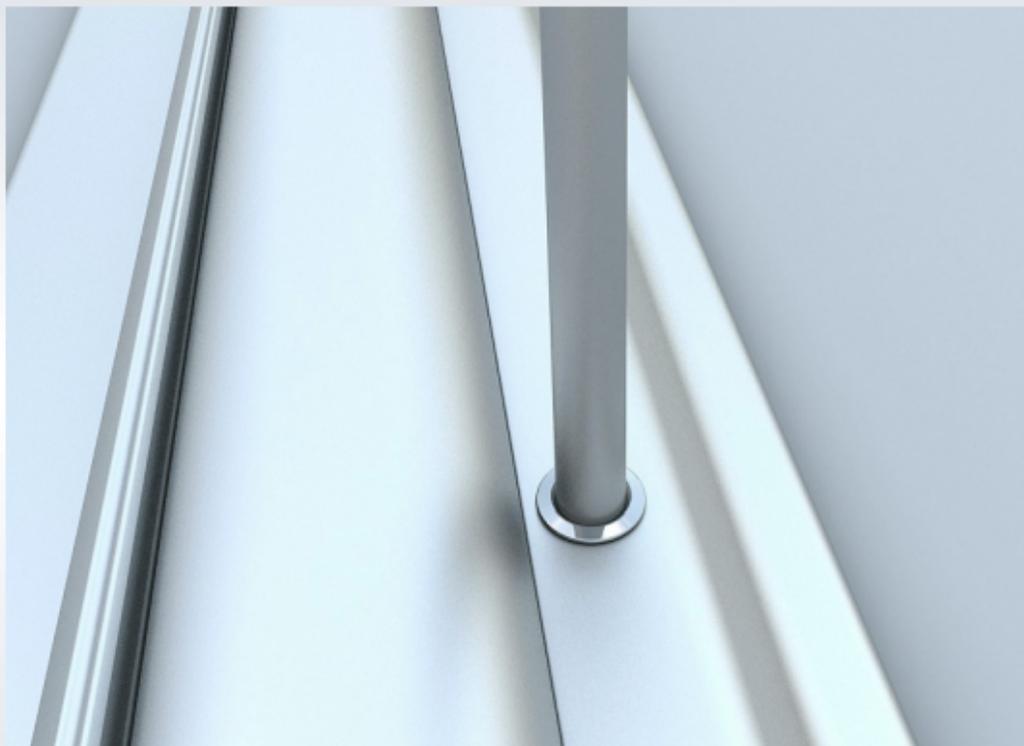

Take the parts out of the bag.

2

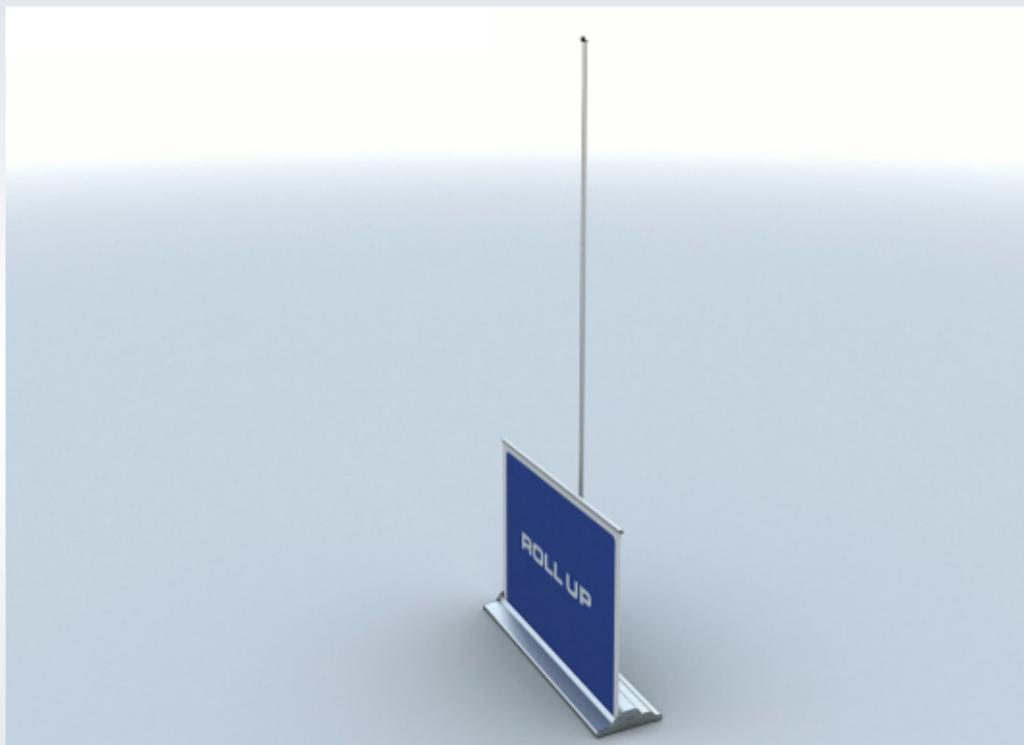

Unfold the 3-part supporting rod. Make sure that the parts click in each other.

3

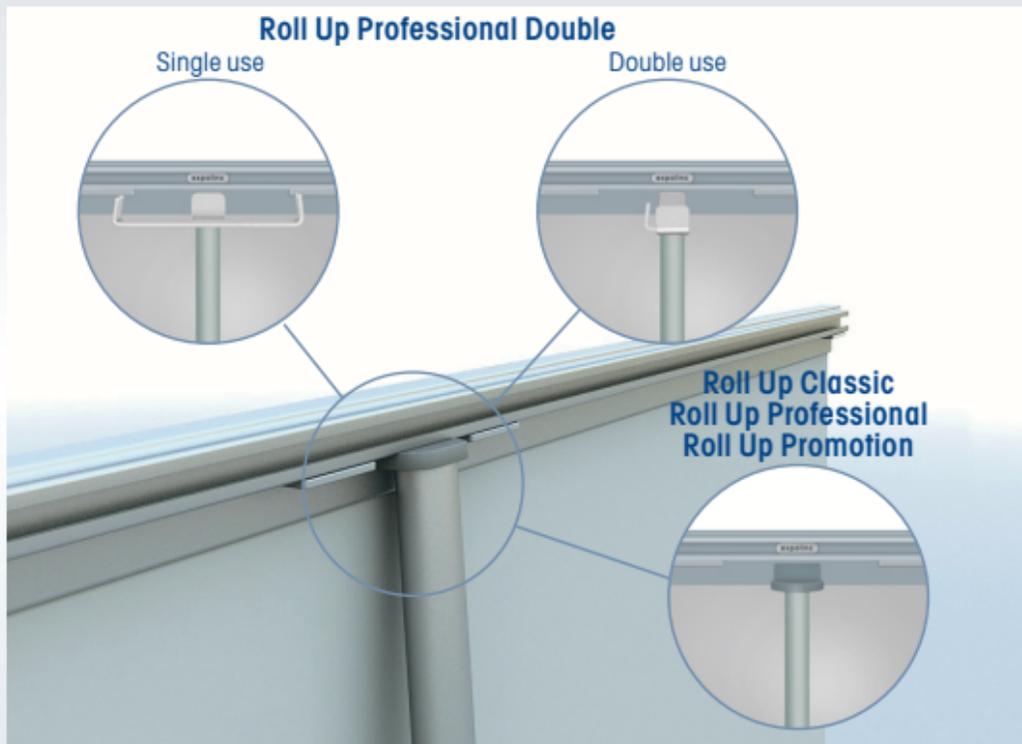

Place the supporting rod into the hole of the cassette.

4

Pull up the graphic panel.

5

Attach the top profile to the top fastener of the supporting rod.

6

Verify that the system is even. READY!

Adjust, if needed, with the adjustable feet underneath the stand. (Not Roll Up Promotion)

ACCESSORIES

A low voltage spotlight that casts light evenly over the entire banner. The spotlight is transported in a nylon bag, which can be fastened to the standard bag.

Attach the spotlight on the top profile.
